

✓ S3100-8F-8G Gigabit Fiber Optik Switch

S3110-8F-8G Swicth üzerinde 8 adet 10/100/1000Mbps RJ45 Portu ve 8 adet 1000Base-X SFP/GBIC yuvası bulunan web üzerinden yönetilebilen L2 gigabit ethernet ağ anahtarıdır. LAN/WAN sistemlerinde , Kampüs networklerde , CCTV güvenlik sistemlerinde ve Mobese uygulamalarında fiber optik toplama noktası olarak ideal çözüm sunar.

**Temel Özellikler**

- 8* 1000 Base-X SFP
- 8*10/100/1000M Base-T
- 1*Console Portu
- Packet Forwarding Rate:36Mpps
- Switching Capacity:≥48Gbps
- Full wire-speed storage and forwarding
- Input Power Supply: AC : 90 ~ 264V/50 ~ 60Hz
- Power Consumption:<30W
- -20~50 Operation Temperature
- Communication Mode: Full-Duplex & Half-Duplex
- Easy-to-use Visual Web-based Management
- Flow Rate Limitation
- Storm Suppression
- Port Aggregation
- Port Mirroring
- Supports QoS, VLAN, SNMP and carrier-class power protection
